## Join the Winter Riders and join the FUN Renew your membership

It's almost that time of the year again. Tiny white flakes in the sky - blanketing the ground with white. Feel the exhilaration—anticipation. Believe it or not it won't be long.

It's time for membership renewal. To save some confusion. I wanted to let everyone know that if you send your dues to us we pay the ISSA portion for you. So that

you are members of both. I wanted to remind everyone that when you pay your Winter Rider membership, the amount includes \$20.00 for your membership to the ISSA. Last year, some people mailed their membership, to the ISSA and thought they were also members of both. I hope this helps. So get your dues in now.

Come to the Meeting in October. Let's not forget that we still have a battle ahead of us. So remind everyone to get their dues and donations in for the battle. See you all soon.

### From the Prez.: Anita Pielacet

Wow, has summer been hot or what? Although, I truly think we are ahead of schedule with the weather because the mornings already have the crisp tingle and aromatic fragrance of fall; at least at 5:00 am when I start my day.

With fall comes the yearning of winter and the next snowmobile season! I went into our shop the other day and Dave was sitting in his "work" chair, just staring upwards. I asked him what he was so intently thinking about. But before he could answer, my eyes wandered to where he was staring. And lo and behold, there was a framed picture of him jumping on his girlfriend in McCall Idaho on a wonderland blue sky day... Now wait a minute; let me re-phrase that. There he was on his snowmobile (I just naturally call his snowmobile his girlfriend because he is so in love with it and snowmobiling) in McCall, Idaho on a wonderland blue sky day. I am glad that I could clarify that before minds ran too amuck...

But, to continue with the preparation of the next snowmobile season, I want to remind

everyone that this coming year and the club's season can only be successful if all members continue to join in the fun and work required to keep it that way.

For events, we have the summer party on August 19<sup>th</sup>, which I hope everyone will attend because it really is a great time. We will also begin to have our monthly meetings beginning in October so plan to attend. They will be at Hooties in Sandpoint, just like years past. Scott Wood is responsible to develop the winter club ride schedule and he will have a draft available at the October meeting, right Scott? We will also be sending as many representatives as we can from our club to the state convention to receive any award that our club so deserves. And the Christmas party should be put on your calendar now, along with the ideas you have for awesome gifts to put into the exchange.

So, that's just gets us through the 2007 part of the season. The 2008 part of the season will be loaded with more fun, so plan to attend meetings, read your club newsletter and email and come have fun with the rest of us snowmobile go-getters!

### Letter from our VP

Hello everybody, I hope that you all are enjoying the summer, I know I have. What crazy hot weather huh? I have been spending most of my weekends on the lake sunnin' and kickin' back some cold ones in order to beat the heat. I just got back from a camping and fishing trip to Koo-canusa; had a great time and caught a lot of fish. Is everybody looking forward to the lake party? I'm sure it is going to be a great time. I hope to see you all there.
